<b>HOODS:</b> prices are the same as a rug.							
<b>COMBO NECK:</b> add cost of neck rug less \$10 <b>TAIL FLAP</b> extra add \$12							

We carry very limited stock as all orders are personalised and customised to ensure the best fit possible for your horse.

Only quality fabrics, threads and fittings are used and each item is individually hand crafted. Most fabrics are from Australian factories.

Sizing:

We require a side on photo from well back to observe shoulder, rump and topline shapes plus the topline measurement as per the attached photo.

Extra float in the shoulders or extra drop may take the price up 1 size.

Customising relies on your accuracy of description and measuring.

Shaping:

Our standard pattern includes some extra float over point of shoulder, garland style neckline in front of shoulder blade, extra cover around buttocks which eliminates the general need for tail flaps however the unlined canvas rugs come with tail flap. (We believe that mares prefer no tail flap as innately they avoid pressure on their tail.)

Prices above include customising to suit your horse or personal needs.

Other Customised items are available upon request.
